RE: Request for Quality Document for FAC Project Number: 99P-0074-14

Dear Ms. Riggs:

As requested, you will find a copy of revision 1 to the Edgewood, Chemical & Biological Forensic Analytical Center (C/B FAC) analytical method AM-087 entitled "Analysis of CS and CS precursor (2-chlorobenzaldehyde) in varied matrixes by Gas Chromatography Mass Spectrometry (GC/MS)".

This document is a controlled under the C/B FAC quality system and is being provided to you as an "uncontrolled copy". It has been labeled as "Not for Further Dissemination" to protect the interests of the C/B FAC. We realize that you will need to release a copy of this method to your customer, however we would appreciate it if you could request that additional copies of this document not be made or the method further disseminated without the permission of the C/B FAC.

Your cooperation in this matter is greatly appreciated. Should you have any questions or concerns, please contact the undersigned at (410) 436-4796.

MARY F. DRUMMOND
Quality Assurance Representative
Edgewood, C/B FAC
